RAJIB BIN ALAM

Software Engineer

Address: Subhanbag, Dhanmandi, Dhaka
Mobile No: 01518418928
Email: *rajibbinalam@gmail.com*
GitHub: *github.com/rajibbinalam*
LinkedIn: *linkedin.com/in/rajibbinalam*

Career Objective:

Experienced to craft innovative web solutions with PHP (Laravel) and JavaScript. Solid understanding of OOP, RDBMS, Design Patterns, and RESTful APIs to connect backend services. Being a quick learner, Learning and implementing perfect solutions, solving problems, self-motivated, and working continuously with under pressure.

Overview:

- 2+ years Experienced in design and development with **PHP**, and **1.5+** years in **Laravel** and **JavaScript**
- Releasing applications and reusable components
- Can use and create **RESTful API** and Implement several **API** integrations
- Clear understanding of **OOP** and **SOLID** Principles
- Work with **Task Scheduling, Event Listener, Queues**
- Specialized in developing Web Application with **Laravel, React js, Ajax and JQuery**
- Good concept of RDBMS including experience in several database systems
- Experienced in MySQL database
- Experienced in developing **Inventory(POS), E-commerce, Hospital Management** application
- Experienced in version control systems such as Git and GitHub

Technical Skills:

PHP and Laravel

- **1.5+** years of experience in Laravel
- Experience in REST API
- Experience In PHP OOP
- Working With Task Scheduling
- Working With Event Listener, Queues
- Package Development

JavaScript and React JS

- **1.5+** years of experience in js
- 6 mos+ Working with React js
- Jquery and Ajax

Database

- Clear Understanding of RDBMS
- RDBMS: MySQL

Web Design

- React Js, React Redux
- HTML, CSS,
- BOOTSTRAP
- Responsive Design

Dev Tools

- Git , GitHub, Bitbucket
- Docker – (beginner)

Professional Experience:

Smart Software Ltd

Designation	:	**Jr. Software Engineer**
Period	:	19 March 2022 to Present (1year 4mos)
Responsibilities	:	Software Develop with PHP (Laravel)
		JS, jQuery, Ajax, Axios, RESTful API,
		Software Design with Html, CSS, JS, jQuery, and Responsive
		Software Update/ Maintenance: Dokani POS System, Medilab,
		E-commerce with POS

Professional Courses:

- **Think in a Redux Way** **:** Learn With Sumit
- **Laravel** **:** Bahubrihi

Academic Qualification:

B. Sc in Computer Science & Engineering

Institute	:	**Green University Bangladesh**
Result	:	--- out of 4

Diploma in Engineering (Computer)

Institute	:	**Sylhet Polytechnical Institute**
Result	:	3.40 out of 4

Language Proficiency:

- **Bangla** - Native
- **English** - Good in reading, writing, and listening

Appearances in Contests & Developments:

- **Problem Solving :** https://leetcode.com/rajibbinalam/
- **Working Projects :**
  - Smart Dokani Software   (https://smart-dokani.com)(https://app.smart-dokani.com)
  - Medilab   (https://medilab.mediscanbd.com)
  - School ERP   (https://mbn-edu.com/)
  - Websites   (https://mcemblemmanufacturing.com/)
